To Whom It May Concern:

My Child, [Student's Name], shares the belief that all of God's children were made exactly how they were meant to be and therefore nothing must ever be, without consent, added to or subtracted from them. Forcing [him/her] to allow anything to enter [his/her] body against [his/her] will, would directly violate [his/her] strong religious belief and therefore we are requesting an accommodation of this belief with respect to the vaccination requirement.

Thank you in advance for your prompt response to this important matter.

Positively,
